

From the House of
MEENAXY PHARMA PVT. LTD.

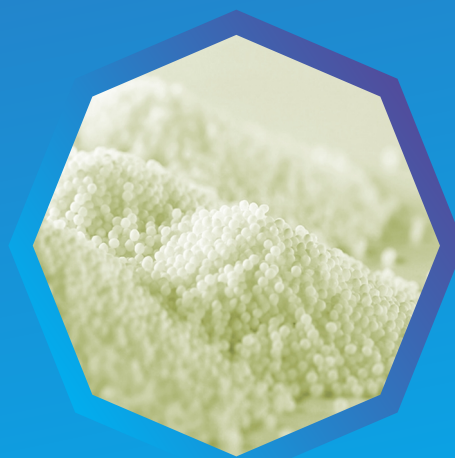

(WHO GMP Approved)

M SPHERES

(SUGAR SPHERES)

M SPHERES:

A flexible excipient of oral Pellets medications with normal & modified release pattern

M SPHERES - (SUGAR SPHERES)

- ❖ Consistent Quality and Uniform Drug Layering Sugar Spheres.
- ❖ Made of sucrose and starch, for sustained or extended release dosage forms.
- ❖ Low friability, consistent sphericity, tight particle size control.
- ❖ High batch-to-batch uniformity,
- ❖ Ideal for drug loading applications.

Meenaxy Pharma Pvt. Ltd. has a WHO-GMP approved facility. GSK audited/approved under.

- ❖ Our manufacturing facility at Hyderabad is dedicated to pharmaceutical production of Sugar Spheres,
- ❖ Meet the lowest microbial levels and premium quality expected from a highly reputable supplier of pharmaceutical excipients.
- ❖ Production and testing are carried-out at a high level in conformance to an ISO 9001 quality management system and as per WHO GMP.

M SPHERES

(WHO GMP Approved - SUGAR SPHERES)

M SPHERES - (SUGAR SPHERES)

Achieve Uniform Drug Loading

- ◆ Smooth Pellets for consistent drug loading
- ◆ Excellent flow for efficient manufacturing
- ◆ Reliable and reproducible size uniformity

Reliable Product from Bench Scale to Production

- ◆ Low friability and high mechanical strength
- ◆ Robust to withstand the rigors of processing
- ◆ Sphericity maintained throughout manufacturing
- ◆ Strong to meet high speed guns

Consistent Quality for Robust Performance

- ◆ Batch-to-batch reproducibility
- ◆ Narrow particle size distribution to meet quality demands
- ◆ Manufacturing dedicated to pharmaceutical grade product

Regulatory Acceptance

- ◆ Complies with all specifications for Sugar Spheres as outlined in the USP/NF and PhEur
- ◆ Non-TSE/BSE implicated

Meenaxy Pharma offers Sugar Spheres with different Range of Particle Sizes

Product	Particle size / μm	Particle size as per ASTM	Product	Particle size / μm	Particle size as per ASTM
M SPHERE-1700	12/14	1700-1400	M SPHERE-850	20/25	850-710
M SPHERE-1400	14/18	1400-1000	M SPHERE-710	25/30	710-600
M SPHERE-1180	16/18	1180-1000	M SPHERE-600	30/35	600-500
M SPHERE-1000	16/20	1000-850	M SPHERE-355	45/60	355-250
